124. Dog Ordinance
126. National Election

SELECTMEN'S PROGRESS REPORT

We will list below what progress we have made for the 1972 year and suggest actions for the future.

The following articles which were passed at the 1972 Town Meeting were processed as follows:

Article # 3 and 4 in reference to a Dog Officer and a Leash Law were acted on by the appointment of Murrill Gaeb as Dog Officer, and the passing of the leash law. He has done an excellent job so far and we expect for the new year to be more strict on the enforcement with heavier penalties for those who violate the law. The cost this year for his services and expenses have almost been covered by our collected licensing fees. We sincerely hope that Murrill will continue as our enforcing officer.

Article #5. Purchase of Public Service abandoned Hydro-Plant and surrounding properties. This has been accomplished and two articles in the new Town Warrant on how to proceed with these properties will be discussed at the Town Meeting.

Article #6. Purchase of the 66 acre site off Main Street for open space and recreation. The town portion of \$10,000 has been paid, but we are still waiting for the \$10,000 in matching funds to be received through the Department of Resources and Economic Development. To acquire funds from these federal programs is a long drawn out process and requires a great deal of paper work and personal effort. We are very optimistic about the outcome and think all of the obstacles have been overcome. The money should be coming shortly.

Article #7. Progress on the new Fire Station has been slow because of the difficulty in obtaining a site. After considering several sites a final location at the end of Silver Street and Main Street beside the B & M Railroad tracks has been decided on and is now in the process of being purchased. A sales agreement for \$2,000 has been signed and the property surveyed so that a proper description is available for the deed. In the meantime several meetings have been held by the building committee on the type of structure we can build and stay within the amount appropriated.

The new town shed has been erected at the Silver Street site and should be completed when the weather improves in the spring. A sincere thank you is in order to the building committee appointed by the selectmen. They were three of the abutters; Harold Eastman, Romeo Therrien, and Joseph Porter.

The selectmen would like to compliment the following committees for their excellent work this year and hope they will continue it in the future. The budget committee who have met with the selectmen every three months or so to get a report on our spending procedures. They have also held three meetings in reviewing every classification of the new 1973 budget and have recommended the one appearing in this book.

The Planning Board, whose function in a progressive community is becoming more and more important has seven interested citizens who have shown more than ordinary concern and knowledge in what is by far the most difficult and controversial area of the town government. They try to predict the future and act accordingly.

The Board of adjustment, a five member board, who have met on various occasions to settle some very controversial matters.

The Conservation Committee, consisting of seven members, who have been very active this year and promise to be more so in the future as plans for our open space and recreational programs are taking shape.

The recreation committee, of five members, a newly formed unit which has a great deal of promise for the future can really serve a vital service to the community. Our special thanks to Father Andy Beddard for his tremendous help. We are surely going to put him on the committee for the coming year.

The proper functioning of these five committees can make a tremendous difference in the future progress of our town.

We are particularly proud of our present police department and wish to congratulate our new police chief, Al England, for his professional management. This is one area of government which has changed tremendously in the past few years, as the need for full time qualified help became apparent. We have been able with the assistance of Mr. Ronald Lemay, a professional police officer, with the Governor's Crime Commission to establish guide lines for the future functioning of our police department. We also received financial help from the commission of \$4,771.00, toward the payment of salaries and fringe benefits of our new Police Chief and four part time men, #300. for training purposes, and \$683., or their share of \$1,019. worth of equipment bought by the department. They also contributed over \$1,000. to the Strafford County Sheriff's office to make it possible for us to buy two portable radios for \$423.38. Their financial assistance to the Strafford County Sheriff's department has made it possible for us to join an efficient, modern, 24 hour county dispatch system, which is a tremendous improvement in inter-county law enforcement and cooperation.

We also received through the Employment Emergency Act \$6,704.00 toward the salary and fringe benefits of our full time policeman Michael Cheney. Unfortunately this program has to come to an end as it was only an emergency measure to try to reduce unemployment and encourage the creation of new jobs. We will have to pick up the tab in the future if we desire to continue this position. We have accumulated a surplus this year of about \$1,685.00 over actual expenditures and this together with other funds we expect at this time can amount to about \$4,500.00 toward next years budget. We can also work further with the Crime Commission and possibly receive further financial help in certain restricted areas.

Our Highway Department which had the highest operating cost in our budget this year, over \$40,000, is of vital concern. It is now in the process of reorganization and will require a great deal of planning. We want to thank our former Road Agent, Ernest Gagne, for the nine years of faithful work he has done for our town. He had put in many extra hours of labor and had always tried to do the best he could.

At the end of our two years of almost full time work and attention to our town administration we feel that we are partially qualified to list some suggestions which might help in the future business like and sound financial management of our town. This message is not designed to create dissention, find fault or criticize other people, past or present selectmen, town treasurer, tax collector, town clerk or others in town administration, or anything other than what it says. As a matter of fact we feel a deep sense of sympathy for the selectmen and other town officials who are all underpaid and are working strictly as a sense of duty and for the satisfaction of helping.

There will be an article in the town warrant to establish a Building Committee to either remodel, rebuild or relocate the present Town Hall, and have specific proposals available for the 1974 town meeting, as the need for a full time administrative set up is absolutely essential, and a building to house a town office is needed. This year we should complete the fire station and have them remove their equipment, and plan on building the town hall next year.

We cannot much longer continue our present operation of part time administrative help and having all offices in individual homes. This method of operation is very unbusiness like, inefficient and costly because of the results attained and the lack of coordination among the various town officials. At the present time the town has seven different sets of books, which cost us in 1972 over \$1,400. to audit. This should be reduced to possibly one or two sets of books. With the type of operation we have a condition of this kind is inevitable and the only way to change it is to employ qualified and experienced help in town administration on a full time basis and in one office.

Our experiences would suggest that the towns people start thinking seriously about hiring a full time administrator because the art of government and municipal financing is becoming more and more complicated and requires the knowledge of experienced personnel in the field. Personal contact with the branches of government, and the know how on how to obtain financial and professional assistance from these agencies is extremely important.

Other serious problems before us are the re-valuation of all Town property. The changes in property values have changed so drastically in the last six years that to be fair to all taxpayers a complete program of re-appraisal is in order. This will cost between \$10,000 and 12,000 and should be done and financed over a two year period.

One area requiring immediate action is the possible need for additional town equipment for doing our own snow plowing. Our present method of a one year contract seems to be over, and the possibility of a three year contract versus using our own equipment should be studied. An article to purchase our own equipment will be in the Town Warrant.

Our present open burning dump is getting serious consideration. Methods of recycling, land fill operation both local and regional are being considered. A decision within the next few years will have to be made.

Welfare is always a serious problem and will require complete cooperation with both State and County agencies as well as a definite local policy.

Our present school set off system, where 30 Rollinsford property owners pay school taxes to Dover and which costs the town a loss of \$17,000 in revenue in 1972.

In closing on behalf of both Jean Dionne and myself, we are very grateful for the opportunity we have had to serve the people of Rollinsford. Even though at times a selectman's job can be very frustrating, it does leave one with a feeling of tolerance, understanding and a better person. We will both try to do all we can to help the new selectmen in their work and keep active in town affairs by joining in committee work which is so important and is your way of protecting a democratic society.

Sincerely,
George A. Leuchs, Chairman

STATE OF NEW HAMPSHIRE

STRAFFORD, SS

WARRANT FOR ROLLINSFORD TOWN MEETINGTUESDAY, MARCH 6, 1973

TO THE INHABITANTS OF THE TOWN OF ROLLINSFORD,
COUNTY OF STRAFFORD, STATE OF NEW HAMPSHIRE,
QUALIFIED TO VOTE ON TOWN AFFAIRS:

You are hereby notified that the polls will be open from 10:00 a.m. to 6:00 p.m. at the Rollinsford Town Hall, to bring in your ballots for the Town officers to be elected in Article I, and to meet at the Rollinsford Grade School at 8:00 p.m. on the same day to act upon the budget and other Articles in the Warrant.

ARTICLE I: To bring in your ballots for:

One Selectmen and overseer of the poor for one (1) year;
One Selectmen and overseer of the poor for three (3) years;
Town Clerk for one (1) year;
Town Treasurer for one (1) year;
Chief of the Fire Department for one (1) year;
Three members of the budget committee for three (3) years.

ARTICLE II: To see if the Town will vote to dissolve the Park and Playgrounds Board and to turn the duties presently exercised by said Board over to the Recreation Committee to be appointed by the Board of Selectmen, and to have the appropriated amounts in the budget placed in the account of the Recreation Commission, and to turn over the maintenance of the park and playgrounds to the Highway Department, transferring appropriated amounts to the Highway Department for said work.

ARTICLE III. To see if the Town will vote to transfer the duties of the Fence Viewer and Board of Surveyors of Wood and Lumber to the Board of Selectmen.

ARTICLE IV: To choose all other necessary Town officers for the ensuing year.

ARTICLE V: To see if the Town will vote to authorize withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, for use as set-offs against budget appropriations in the amount indicated; and further, to authorize the Selectmen to make prorata reductions in the amounts if estimated entitlements are reduced or take any other action hereof:

<u>Appropriation</u>	<u>Estimated Amount</u>
Town Office Expense	4,000.00
Police Department Expense	10,000.00
Fire Department Expense	2,000.00
Highway Department Expense	4,000.00
	<u>\$20,000.00</u>

ARTICLE VI: To see if the Town will appropriate a sum of One Thousand Five Hundred (\$1,500.00) Dollars for the purchase of a new Warning Horn for the new Fire Station.

ARTICLE VII: To see if the Town will appropriate the sum of Twenty-six thousand (\$26,000.00) Dollars for the purchase of two (2) new trucks, with the necessary equipment, if the decision is made by the Selectmen and Budget Committee to assume the plowing of Town roads.

ARTICLE VIII: To see if the Town will vote to accept the budget as submitted by the Budget Committee.

ARTICLE IX: To see if the Town will authorize the Selectmen to appoint a Building Committee, consisting of three (3) Selectmen, two (2) planning board members, Police Chief, one (1) Conservation committee member, and four (4) interested citizens to present a report at the next Town meeting on the remodeling, rebuilding or relocating of our Town Hall along with estimated construction costs.

ARTICLE X: To see if the Town will authorize the Selectmen to transfer the two (2) parcels of land obtained from Public Service Company of New Hampshire on the Easterly side of the Salmon Falls River, in Berwick and South Berwick, Maine, to the Salmon Falls River Association for the sum of One (1.00) Dollar upon condition that there shall be a perpetual right of way for the public to the Salmon Falls River, and on further condition that said land shall not be sold or used for any other purpose then for conservation or public recreation, and that in the event the conditions are not satisfied, that said land shall revert back to the Town of Rollinsford, and on further conditions that in the event the Salmon Falls River Association shall cease to exist or perform the functions and said functions are not assumed by some other public agency, then said title to said land shall revert to the Town of Rollinsford.

ARTICLE XI: To see if the Town will authorize the Board of Selectmen to dispose, through negotiating, the abandoned hydro-plant and adjacent land, thereto, recently acquired from the Public Service Company of New Hampshire.

ARTICLE XII. By Petition, to see if the Town will vote to establish a Public Library, pursuant to RSA Chapter 202-A, and

A. To chose a Board of Library Trustees consisting of six (6) persons to be elected for one (1) year terms, two (2) for the two (2) year terms, and three (3) for three (3) year terms, and annually thereafter, two (2) for three (3) year terms, to have custody and management of the said Public Library and of all the property of the Town relating thereto, except Trust Funds held by the Town, and

B. To authorize said Trustees to accept any bequest, devise, or donation for the establishment, maintenance, and support of said Library.

ARTICLE XIII: To see if the Town desires to advise the Board of Selectmen on the ordinance banning recreational vehicles on Town owned land.

ARTICLE XIV: To see if the Town will authorize the Selectmen to borrow money in anticipation of the collection of taxes.

ARTICLE XV: To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate that has been or may be acquired through Tax Collector's Deeds.

ARTICLE XVI: To transact any other business that may legally come before this meeting.

Given under our hands and seals this 17th day of February, in the year of our Lord, nineteen hundred and seventy-three.

REPORT OF THE ROLLINSFORD PLANNING BOARD FOR 1972

We, in Rollinsford, stand today on the edge of a growth explosion which can do serious and irreversible damage to our country side. Unplanned and uncontrolled development will produce the same environmental blight and monotonous sprawl in Rollinsford during the next 30 years that has scarred the landscape of our neighboring regions during the past three decades. The issue is critical, and your Planning Board, together with your Selectmen and your Conservation Commission, are working hard to build programs that will encourage development, yet preserve the amenities and attractions of our rural, small-town environment.

We have the tools, such as zoning and subdivision controls, to gain some measure of control over land use, but we lack sufficient training and skill to do the job. For this reason, many of your Planning Board members have been attending various land use seminars held throughout the year, including a six-week course conducted each Wednesday evening and Saturday morning by the State Planning Office on subdivision control. Moreover, although supported by a majority of the townspeople, zoning is highly controversial, for it directly affects one of the most cherished individual rights we have, the property right. And code adoption and enforcement is neither administratively simple, nor readily acceptable. But there is simply no practical alternative in our free society to a way for reconciling the long-term interest of our community, and the immediate rights of the individual to use his property as he sees fit. Therefore, we must face these problems concertedly, frankly, and with the energy and talent they require.

UNH Community Development students, Steve Dawson and Steve Pulkkinen, gave many hours of their time to help prepare a community attitude survey. The survey was conducted by citizen volunteers during the last week in February, and forty-nine percent of the questionnaires were returned. This was a relatively high rate of return for a survey of this type, and it showed great interest in Rollinsford among the townspeople. Questions were asked about town services, education, industry, community activities, community facilities, conservation, and recreation. Copies of the summary are available from the Planning Board, the Conservation Commission, and the Selectmen. The survey proved invaluable to your Planning Board, your Conservation Commission, and your Selectmen in carrying out their responsibilities this year as evidenced by some Articles in the Town Warrant and by the town ordinances passed. Your Planning Board is also reviewing the zoning and subdivision ordinances from the standpoint of the thoughts reflected in the survey.

Our challenge is to evolve a new life style with emphasis on quality environment. And that is the purpose of your Planning Board, to consider and discuss the problems and the needed changes, and to offer some pathways to the future. We invite all citizens to join with us in taking the actions today that will result in a healthier, more beautiful Rollinsford.

STRAFFORD REGIONAL PLANNING COMMISSION REPORT, 1972

The Strafford Regional Planning Commission, one of seventeen delineated in 1968, is established under State Statute 36:45 which says in part: "The purpose. . .shall be to enable municipalities to join. . .in regional planning commissions whose duty it shall be to prepare a coordinated plan for the development of a region, taking into account present and future needs with a view toward encouraging the most appropriate use of land, such as for agriculture, forestry, industry, commerce, housing, . . .transportation, . . .parks, . . . shorefront development, public buildings, . . .and for the improvement, redevelopment, rehabilitation, or conservation of residential, business, industrial, and other areas, . . ."

The Strafford Region includes all municipalities in the County plus the towns of Nottingham and Newmarket. Of this number, Dover, Durham, Lee, Madbury, Newmarket, Rollinsford, and Somersworth, together with Strafford County are official supporting members, i.e., legally entitled to share in the management and services of the Commission and to acquire certain Federal funds or bonuses on Federal funds available only to Commission members.

During the past year the Commission has completed two major regional studies: "Solid Waste Disposal" and "Open Space." Technical and financial support has been given to recycling efforts, especially in Dover. A pilot recycling proposal from Nottingham has received Commission endorsement and the University of New Hampshire has requested Commission representation in its waste disposal research efforts.

Commission Directors have tried to keep themselves up to date on recent state and federal policies by participating in area meetings on topics such as coastal zone legislation, environmental priorities, natural resource policies, and federal revenue sharing.

Part of the obligation of the Commission is to participate in so-called A-95 reviews which consist of monitoring federal funding. Grants in excess of five and a half million dollars going to Dover, Durham, Rollinsford and Newmarket were reviewed and supported. "Community Viewpoints," a pictorial presentation of local resources and problems were prepared for Madbury and Rollinsford.

The Commission notes with sorrow the prolonged illness and eventual death of its executive director, Charles Noyes. They nevertheless continued to meet in regular sessions to carry on the work in progress. The office at 600 Central Avenue, Dover has now been reopened with Silas Weeks, on loan from the University of New Hampshire, serving as acting director while plans are being completed for an aggressive program in the coming year and permanent staff recruited. Financial support for the Commission is divided approximately equally between local member communities and the Federal government.

Conservation Commission Report for 1972

Since your Conservation Commission was re-activated on November 23, 1972 it's members have been busy. One of the projects of prime importance is the Salmon Falls Watershed Association in conjunction with other Towns along, and on both sides of the River. The S.R.W.A. was formed with the very active help of two members of your commission to protect the beauty, and environment of and along the River for us now, and for future generations. Other projects being worked by the commission is the locating of Town owned land, and the surveying of this land in order to make plans for the best use of this land in the best interest of the Town. The funds for this will be obtained from the Ford Foundation on a matching fund basis.

The commission is also in contact with the Parks and Playgrounds Commission, and the Board of Trustees of the Cemeteries to make plans to plant trees this coming Spring to replace the trees that had to be removed this last Fall. We are also in the process of contacting the American Legion Committee in charge of Scoutland so that we can work with them for the improvement, and protection of the River.

The open space funds that were voted for at the last Town meeting are being used on a matching fund basis, and our application is now being processed by the government. A further report will be given to you at a later date. We have received the greatest of co-operation from all local officials, and local and state agencies during the past year. Your commission would like to thank you (The Towns People) for your trust, and confidence in us, and we are looking forward to serving you for another year. Your suggestions and comments (in writing) are welcome, and you are invited to attend any of our meetings. We meet on the last Tuesday of the month.

January 12, 1973

Respectfully submitted,

Martin P. Lussier

CONSERVATION COMMISSION

The undersigned, Treasurer of the Rollinsford, N.H. Conservation Commission, submits the following annual report:

The balance on hand at the commencement of the year was six hundred and forty dollars and fifty cents. There was received from all sources during the year five hundred and thirty-three dollars and two cents; during the same time the expenses amounted to one hundred and thirty-four dollars and twenty-two cents, leaving a balance on hand of one thousand and thirty-nine dollars and thirty cents.

The annexed statement of receipts and expenditures will show in detail the sources from which the receipts were obtained, and the objects to which the expenditures have been applied.

All of which is respectfully submitted.

Treasurer, Rollinsford, N.H. Conservation Committee

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Rollinsford for the fiscal year ended December 31, 1970.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the Exhibits included herewith present fairly the financial condition of the Town of Rollinsford as of December 31, 1970, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Frederick E. Laplante

Test are being conducted at the University of New Hampshire concerning the possible use of the dried sludge as fertilizer. If it can be used as such, and there is no reason for doubt, it will solve a serious disposal problem.

Extension of the sewer lines continues to receive careful and thoughtful consideration.

Visitors to the plant will receive a warm welcome. The superintendent will be glad to answer questions and to explain the operations.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Commissioners
Rollinsford Sewer District
Rollinsford, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the Rollinsford Sewer District for the fiscal year ended December 31, 1970, which was made by this Division in accordance with your request. Exhibits as hereafter listed are included as part of the report.

Although it was voted to convey all the real estate and personal property connected with the Rollinsford Sewer System to the Rollinsford Sewer District at the annual Town Meeting of March 11, 1969, our audit disclosed that the District had not established suitable books and records to properly account for these assets.

The maintenance of adequate records pertaining to fixed assets is essential for the preparation of periodic statements of financial condition of the District and the determination of the results of operations during each fiscal year.

Due to the lack of adequate accounting records, it was necessary to obtain the value of fixed assets listed in the Comparative Balance Sheets (Exhibit A) by summarizing expenditures for sewer construction as disclosed by unaudited information contained in published Town Reports. As a result, we are unable to express an opinion as to the precise financial condition of the District at December 31, 1970.

Attention is called to the provisions of Chapter 252 of the Revised Statutes Annotated which require that sewer rentals be committed to the collector of taxes, with a warrant under the hands and seal of the Sewer Commissioners, for collection. Under current practice, the clerk of the District bills consumers for the sewer rentals and also receives payments therefor. We recommend that billings to consumers be committed to the Town tax collector in accordance with the law.

Conclusion:

The provisions of Section 27, Chapter 71, of the Revised Statutes Annotated, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the District. Publication of the Exhibits contained in this report is optional, but this letter must be published in its entirety.

We express our thanks to the officials and office staff of the Rollinsford Sewer District for their assistance during the course of this audit.

Very truly yours,

Frederick E. Laplante
Director

ROLLINSFORD SCHOOL DISTRICT

PROPOSED SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Rollinsford qualified to vote in district affairs;

You are hereby notified to meet at the Rollinsford Grade School in said district on the third day of April 1973, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuring three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To transact any other business that may legally come before this meeting.

Given under our hands at said Rollinsford this 23rd day of February, 1973.

ROLLINSFORD SCHOOL DISTRICT

1972-73 Proposed Budget

To the People of the Town of Rollinsford:

On the following pages is the proposed School Board Budget for the 1973-74 school year. The proposed budget has been reviewed by the town Budget Committee and has its support with one exception. That exception is to the school board recommendation that a librarian be hired for the grade school on a part time basis at a cost of approximately \$3,500.00. At the present time a part time librarian aide has been employed with funds donated by the Rollinsford Parent Teacher Organization.

As proposed by the school board the total operating budget is \$451,770.11, exclusive of dual enrollment costs with St. Thomas. This represents an increase of \$46,918.91 over the adopted 1972-73 budget exclusive of dual enrollment costs with St. Thomas High School. The amount of the total budget to be raised by local taxes however is higher at \$55,896.11.

The major reason for this difference is a reduction in Federal support for Public Law 874 which is "Impact Aid" paid to school districts on the basis of the number of students whose parents work on Federal installations. It is anticipated that in the future this money will only be paid for children whose parents are in military uniform.

The major increase in the proposed budget is in the cost of tuition under the AREA school agreement with Somersworth. At the middle school level ninety-nine students are budgeted for at \$683.00 compared with one hundred students at \$615.00 in 1972-73.

The high school costs are figured at \$806.00 for one hundred sixty-nine students compared with \$747.00 for one hundred forty-five students in 1972-73. In addition, sixteen students are budgeted for at the Dover AREA Vocational School at the same tuition rate (\$806.00) as Somersworth High School.

Rollinsford students continue to perform well in the middle school and high school at Somersworth as evidenced by recent results and grades. In addition, participation in athletics and other extra curricula activities by Rollinsford students has been high and meritorious.

The second greatest budget increase is in the salary account for instruction which includes an approximate 3.5% step increase for teachers and the request for a part time librarian at \$3,500.00.

Other significant increases include: (1) salaries for operation of plant for additional time for cleaning, (2) rate increases for heat and electricity, (3) rate increases under FICA (Social Security) and health and building insurances, and (4) capital building improvement. Under capital building improvements a shed is proposed for storage and a roof "de-icing" mechanism is proposed to alleviate a potential safety hazard from ice build-up each winter.

A separate article will appear in the school district warrant on dual enrollment. The anticipated amount for continuation of this program for approximately eleven students will be \$4,800.00. If state support continues, amount to be raised by local taxes will be reduced by approximately \$800.00

The date for the School District Meeting is set for April 3, 1973 at 7:30 p.m. at the Rollinsford Grade School

John H. Powers
Superintendent of Schools

Rollinsford Grade School
December 31, 1972

To: The Superintendent of Schools
The Rollinsford School Board
The Citizens of the Town of Rollinsford, N.H.

It is again with pleasure that I offer to you a report that covers in part some of the activities of the Rollinsford Grade School during the past year.

RESPONSIBILITY OF THE SCHOOL

In accomplishing its purpose of education for well rounded citizenship, the school is not alone in its efforts. The Home, The Church, and other community agencies share this great responsibility. Schools are established to teach those essentials not taught by other agencies of society. If one of these agencies fail in its duty toward the education of the child, the responsibility falls upon the school, thereby increasing its already heavy responsibility. Schools began originally with the introduction and wide use of written language, and in the beginning the curriculum was limited to reading, writing, and arithmetic. Cultural advancements and changes in our way of living brought new things to be taught, new methods to be employed, new devices to be used, great expansion of the things to be taught, together with the broadening and deepening of the scope of the elementary curriculum. Today because of the ever increasing amount of knowledge that is available and is becoming available, material that was formerly taught in high schools, and in some cases on the graduate level in college is now being taught in the elementary school. The result is that our equipment needs have been and are steadily increasing from year to year in order that we may best help the pupils to successfully compete with youngsters of other areas.

No other people have ever expected so much of its schools, and no other people have ever been so well served by its schools. The amount of education required for complete living has greatly increased while the educational service rendered by the home and some community agencies has declined substantially. As a result, the school's responsibility has increased disproportionately.

The public schools have primary responsibility for some phases of education, partial responsibility for other phases of education, and an overall responsibility for educational leadership in the community. However the school can effectively assume its role only when supplied with the tools with which to work. If tools are lacking, then the efforts of the school are curtailed and circumscribed by this lack. Of course the results are observable in that the pupil cannot compete successfully with his peer groups.

(1) The phases of education for which the school has primary responsibility include reading, handwriting, arithmetic, spelling, and the essentials, basic, of oral and written composition, the social studies and science. Reading is an important primary responsibility of the school. Legible writing and proficiency in arithmetic for ordinary needs, and the ability to spell one's written vocabulary are essential elements also of the social studies and science together with a working proficiency in the use of English are also primary responsibilities of the school.

(2) Responsibilities for some phases on education are shared

jointly and in varying degrees by the school and other educational agencies (home, church, community, movies, television, and radio, and press). These shared responsibilities include vocational fitness, and the broad outcomes of general education such as the American Way of Life, scientific attitude of the mind, health and safety, consumer competence, conservation, ecology thrift, and family living, the arts, and moral, ethical, and spiritual values. These shared outcomes include also proficiency in the worthy use of leisure time.

(3) The school has a community-wide responsibility for educational leadership. It supports and encourages other educational agencies in the performance of their functions in order to provide a well rounded educational program for the community as a whole.

These three responsibilities of the school are not separate and apart., but are interrelated. They operate at the same time. The school, however, sees all three of these functions clearly and strives, not alone, but with the active aid of the other educational agencies, to perform them well. Unless the school performs well the first function it cannot perform well the second; and unless it performs the first two efficiently, it cannot perform the third and provide an adequate educational leadership for the community as a whole.

The general aim of elementary education, like the aim of education as a whole is the fullest development of each child to the utmost of the child's own abilities. The child himself must assume responsibility for his actions and aims for furthering himself along the educational way. The day is long gone when the school should be considered a place for fun and games.

Modern elementary school is concerned with helping each child to affect a behavioral change of each of the following types.

- (1) Knowledge and Understanding
- (2) Skill and Competence
- (3) Attitudes and Interest

These changes would be applied in the following areas:

- (1) Physical Development
- (2) Individual social and Emotional Development
- (3) Ethical Behavior
- (4) Social Relations
- (5) The Social World
- (6) Esthetic Development
- (7) Communication
- (8) Quantitative Relationships
- (9) Qualitative Judgments

The following is an extract from the manual published by the State of New Hampshire Department of Education entitled "Minimum Standards and Recommendations for New Hampshire Public Schools".

The New Hampshire Elementary School Should:

1. Have clearly stated purposes that represent its commitment to children, to knowledge, and to society.
2. Have a responsibility beyond the teaching of the "basic skills".
3. Reflect a concern for self-concept and personality development of children.
4. Provide opportunities for children to practice and to learn the skills of effective group living as a part of their learning experiences.
5. Demonstrate its respect for the individual.

6. Foster creativity in children.
7. Recognize and must make provision for meeting the individual differences among children.
8. Relate the learning experiences of children to their world and to reality as they know it.
9. Provide opportunities for children to share in planning and organizing their classroom activities.
10. View evaluation as a continuing activity, that is, an integral part of learning rather than an aftermath.
11. Be responsive to children's needs that arise from conditions peculiar to the home, the community, and the neighborhood.
12. Be free to develop the specifics of its instructional progress.
13. Use the time of children and staff in ways that are consistent with the purposes of its instructional program.
14. Be of reasonable size and must maintain classroom units that foster optimum learning opportunities.
15. Purposely place each child in a setting that best promotes his learning.
16. Be attentive to the problems created by transitions from grade to grade, and school to school.
17. Effectively utilize the strengths of its staff.
18. Extend beyond the four walls of the classroom and beyond the physical limits of the school building.
19. Have superior leadership.
20. Have a competent staff.
21. Assume a leadership role in the community.

FACULTY

There have been some changes and additions to the Faculty of the school during the past year.

Mrs. Evelyn Hodgdon resigned as teacher of Grade 5 because of reasons of health. She was replaced by Mrs. Holly Bean, a graduate of University of Maine, Orono, with $\frac{1}{2}$ year of previous experience.

Mrs. Chamberlain resigned as teacher of Grade 4 for reasons of health and was replaced by Mrs. Cynthia Hogan, a graduate of Boston University, Boston, with a B.S.

Again this year we have the services of Miss Elaine Lauterborn, the Title I Director for Somersworth. We have her on a shared basis of $2\frac{1}{2}$ days per week. She is working with the pupils of the School in the field of guidance.

Miss Janet Snyder resigned and was replaced by Miss Leslie Meyers who is working with the pupils in the field of Speech Therapy.

A new addition to the staff is Mrs. Catherine Valentine who is working with both the Teachers and the pupils in the field of remedial reading. She has had a number of years of previous teaching experience and came to us well recommended. She is working with us on a half time basis or $2\frac{1}{2}$ days per week.

In the field of Music Instruction we have Mr. Chellis Carville who devotes one day a week, Monday, to instrumental instruction on a variety of instruments. Also a new field of Instrumental music, group guitar lessons is being given by Mr. Fred Gagner of Dover.

The regular vocal and classroom music program is being capably handled by Mrs. Barbara Lawton who comes to us one day per week.

Reference to the Faculty Data sheet will give facts concerning the teachers.

Mr. Peter Cole	(Part time)	Librarian

Instruction

Since the status of educational instruction in the United States is in a great state of change, we as a school cannot afford to ignore these changes. We are committed to the concept of individualized instruction, recognizing the fact that each child is a separate individual and possessing knowledge, skills, and learning rates of varying degrees that require individual attention from the teachers who present them with challenging materials geared to the child's own needs. Each child is encouraged to progress at his own rate and materials are provided so that maximum learning can take place. Each child is becoming more and more aware of his own responsibility in the learning process.

The faculty is divided into two areas of instruction, the so-called more or less Structured classroom and the so-called unstructured classroom. We are having success in the use of both methods of teaching. Again, each child is becoming more and more aware of the many new knowledges and skills that must be learned for his self preservation and is consequently becoming more responsible for self responsibility in education.

Enrollment

1. This year, as far as the Rollinsford Grade School is concerned, we are maintaining our enrollment at the same level as last year. Please refer to the following two tables for this information.
2. There has been an increase in the enrollment of both Somersworth Middle School and Somersworth High School.

Reference to the Status Report - Area tuition students will bring out the pertinent facts of enrollment and costs.

3. Because of the dual Enrollment of St. Thomas and Dover High School there has been an increase in both pupils and costs.

Reference to the appropriate tables will bring out this information.

4. Lest there be some misconception that the townspeople of Rollinsford are expending huge quantities of money to maintain the Grade School alone let your attention be directed to the tables:

- (1) Area Tuition Students
- (2) D.H.S. and St. Thomas Dual Enrollment
- (3) Anticipated Expenditures - Tuition as of 2/1/73

Kathaleen R. Burke

Lunchroom Manager

HOT LUNCH PROGRAM

The hot lunch program of the school is under the management of Mrs. Kathaleen R. Burke, assisted by Mrs. Rose Roberts and Mrs. Rhea Morest. These ladies are charged with the preparation and serving of the noon meal. They handle their assignments in a very capable manner with menus that are will prepared, well balanced, and appealing to both the eye and to the inner man. Of economic necessity we are somewhat limited in the kind and variety of the offerings that can be made. We have been forced by the Federal Government to provide a large number of free meals per day. This year we have been allowed to increase the prices charged both for the hot lunch and for the milk programs. However with the costs of foods increasing almost daily, we have not become a profit making institution.

Each meal served is a Type A meal consisting of:

- (1) A main dish (of meat, or poultry, or fish or cheese)
- (2) A vegetable or a salad
- (3) A sandwich of some sort. (Either sweet or plain)
- (4) A $\frac{1}{2}$ pint of homogenized, pasteurized milk.
- (5) A dessert

Cost per lunch per child - 35¢ per meal

The number of meals served varies from day to day, and from week to week.

The average number of meals served per day = 182 or approximately 69% of the school enrollment.

Conclusion

I wish, at this time, to offer the thanks of the Faculty and the Staff to the Townspeople for their continued support of the school and its endeavors to provide a suitable and competitive education for the pupils.

I wish to thank the Rollinsford PTO as an organization and to thank the members individually for their fine spirit of cooperation and helpfulness together with their outstanding support financially. Without their donation to the School of \$1,100. it would have been impossible to have had the excellent help given by Mr. Peter Cole as a part time librarian.

I offer the thanks of the faculty and the staff of the Rollinsford Grade School to the Superintendent of Schools, Mr. John Powers, and to the Assistant Superintendent, Mr. David Gaul, To the members of the Rollinsford School Board and to the Citizens of the Town of Rollinsford for their understanding and help, as well as their continued interest and support of the Rollinsford Grade School.

Respectfully submitted

Lewis W. Hatfield

MINUTES OF THE SCHOOL BOARD MEETING

The meeting was called to order by the Moderator, Edmund Jansen, at the Rollinsford Grade School, at 7:30 p.m. on April 4, 1972. The moderator read the warrant in its entirety.

ARTICLE 1. To choose a moderator for the coming year.

ARTICLE 2. To choose a clerk for the ensuing year.

ARTICLE 3. To choose a member of the School Board for the ensuing 3 years.

ARTICLE 4. To choose a treasurer for the ensuing year.

After a count of the ballots the following officers were elected.

Moderator - Albert Labrecque	31 votes
Clerk - June Barry	29 "
Treasurer - Shirley Curtis	27 "
School Board - Edmund Jansen	29 "

ARTICLE 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

A motion was made by Martin Lussier, seconded by Clara McCann to accept Article 5 as read. Motion carried.

ARTICLE 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

A motion was made by Ovid Viel, seconded by Edmund Garland to accept Article 6 as read. Motion carried.

ARTICLE 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

A motion was made by Edmund Garland, seconded by Martin Lussier to accept Article 7 as read. Motion carried.

A motion was made by Martin Lussier to discuss Article 9 before Article 8. Seconded by Ovid Viel. Motion carried.

ARTICLE 9. To see if the District will:

a. Approve the dual enrollment plan between the district and the St. Thomas Aquinas High School, said plan to be: educational offerings will be provided approximately 17 students at St. Thomas Aquinas High School for the school year 1972-73; Algebra, Math 9, Geometry, Biology, Advanced Biology, Physics, Electronics, Art and Physical Education. The faculty will consist of an administrative staff and 8 1/5 teachers, and which plan shall be administered by school district of Dover and further authorize the school board to sign the necessary agreements to implement the plan.

b. Authorize the school board to assign certain students, who are residents of the districts to the dual enrollment classes administered by the district of Dover and further authorize the

school board to make such contractual arrangements that may be necessary to implement said assignment of students.

c. Appropriate the sum of \$6,742.93 for the payment of the cost of tuition and child benefit services incurred by the assignment of said students to the dual enrollment program administered by the district and to authorize the school board to apply for any grants under RSA 198:21 which funds will be credited to the district.

The question was raised by Joseph Caouette are we limiting the number of students going to Stl Thomas by 17. Mr. Powers was asked to speak on this, and said that we are not limiting ourselves to 17. We expect that only 12 will attend.

The amount to be appropriated is \$6449 for tuition, plus \$293.93 for Child Betterment Services. A total cost of \$6,742.93.

A motion was made to ammend the article by Martin Lussier to drop the number of 17 students from the Article. Seconded by Clara McCann. Motion to ammend the article was carried.

A motion was made by Albert Labrecque to accept Article 9 as ammended, seconded by Martin Lussier. Motion carried.

ARTICLE 8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Martin Lussier made a motion to accept article 8 as read, seconded by Edmund Garland. Motion carried.

ARTICLE 10. To transact any other business that may legally come before this meeting.

Mr. Lennon asked if this budget included transportation to St. Thomas High School. Mr. Powers explained that we are transporting them now. There should be no need to increase this budget.

Albert Labrecque explained that under new business of the Town Meeting a motion was made to ask the School Board to dismiss school on voting days, so that the school could be used for voting. Mr. Powers said this should come before the School Board at a regular school board meeting.

A motion to adjourn was made by Martin Lussier seconded by Albert Labrecque. Motion carried. The meeting was adjourned by the moderator at 8:45 p.m.

Respectfully submitted

June Barry, Clerk

MINUTES OF ANNUAL TOWN MEETING
ROLLINSFORD, NEW HAMPSHIRE
MARCH 7, 1972
PART I

The meeting was called to order by the Moderator, Albert Labrecque at 10:00 A.M. on March 7th and the entire warrant was read to approximately 50 people present.

A motion was made by George Leuchs seconded by Ovid Viel that this meeting will adjourn matters of appropriations and other articles of town business until Tuesday, March 14, 1972 at the Rollinsford Grade School at 7:30 P.M. Motion was carried in the affirmative by a voice vote.

The polls were officially closed by the moderator at 6:09 P.M. with 613 votes being cast.

After the minicipal ballots and the Constitutional Amendment to the 18 year old vote were counted the moderator announced the following results:

Town Clerk	Eugene Berube	570 votes elected
Town Treasurer	Joseph L. Porter	520 votes elected

	Richard Bradbury	432 votes elected
	Ronald E. Brown	439 votes elected
Constitutional Amendment		Yes-407 No-174

MINUTES OF ANNUAL TOWN MEETING
ROLLINSFORD, NEW HAMPSHIRE
MARCH 14, 1972
PART II

The meeting was called to order by the Moderator, Albert Labrecque at the Rollinsford Grade School at 7:38 P.M. and the entire warrant was read.

ARTICLE I. To bring in your ballots for Town Clerk, Town Treasurer, One Selectman and Overseer of the Poor for a term of three years, Chief Engineer, and Three members of the Budget Committee for three years. The moderator announced the results of the municipal ballots cast last week and the results of the Constitutional Amendment on 18 year old voters as reported in the minutes of the March 7th meeting.

ARTICLE II. To choose all other necessary Town Officers for the ensuing year.

Trustees of Trust Funds

Robert Bisson nominated Ovid Viel and Martin Lussier seconded the motion. Edmund Jansen made a motion that nominations cease, seconded by Dominic Piro, and a vote was carried for Ovid Viel.

Surveyors of Wood and Lumber

The present members of the Committee were Ovid Viel, Albert Viel

Raymond Chase, Joseph Labrecque, Jr. and Paul Janetos. Mr. Rollins asked what the functions of the officers were. Are they useful, what do they do. It was pointed out by the moderator that all of these committees are covered under State Statutes.

Lester Eldridge made a motion that all five of these members serve one more year, seconded by Laurent Michaud. Ovid Viel made a motion that nominations cease, seconded by Paul Janetos and a vote was carried for all five present members to be reelected.

Fence Viewer

Ovid Viel stated that Bliss Garvin had held this position for years, but that he did not care to be nominated again. Ovid Viel nominated Paul Janetos, seconded by Edmund Jansen. Ovid Viel made a motion that nominations cease, seconded by Martin Lussier, and a vote was carried for Paul Janetos.

Parks and Playgrounds

Kenneth Bolduc nominated Arthur Osbon for a three year term seconded by Lester Eldridge. Ovid Viel made a motion to cease nominations, seconded by Martin Lussier. A vote was carried for Arthur Osbon. Mr. Lennon nominated Paul Hanson for a one year term, to take the place of Joseph Allard, seconded by Martin Lussier. Martin Lussier made a motion to cease nominations seconded by Ovid Viel, and a vote was carried for Paul Hanson.

ARTICLE III. To see if the Town will authorize the appropriation of a sum of \$400. to pay for the services of a dog leash officer to be appointed by the Selectmen, to enforce the dog laws as enacted by Revised Statutes Annotated 466:1 through 43.

Lester Eldridge made a motion to accept Article III as read, seconded by Bernard Adams. Several questions were raised and Mr. Leuchs explained that some townspeople had signed a petition and would like to have dogs restrained. After some discussion the motion was carried in the affirmative.

ARTICLE IV. To see if the Town will vote to request the Board of Selectmen to draft a "dog leash" law under RSA 466:29.

Douglas Rollins moved for a defeat of Article IV, seconded by Paul Janetos. After much discussion Dominic Piro made a motion to cease all questions and take a vote, seconded by Mr. McCann. The moderator then explained that since the motion was made for a defeat that to vote yes would defeat the article and to vote no would be in favor of the article. The votes were 61 yes and 64 no. The dog leash law was carried.

ARTICLE V. To see if the Town will appropriate the sum of One Dollar (\$1.00) for the purchase of land, dam and rights of the Public Service Co. of New Hampshire, located on both sides of the Salmon Falls River, and to authorize the Selectmen to offer the dam to the New Hampshire Water Resources Board, and to negotiate the sale of land located in the Towns of Berwick and South Berwick to the respective Towns.

Martin Lussier made a motion that Article V be accepted as read, seconded by Gary M. Bisson. The question was raised by Kenneth Bolduc whether there is any cost or liability of this property if we purchase it. Mr. Leuchs explained that we would be responsible for the dam. He explained that it looked in good condition. Another question was raised by Mr. Rollins on whether a New Hampshire town could own land in Maine. Mr. Leuchs stated

that we would probably sell the land in Maine. He also explained that Public Service had a private person who would like to buy the land. After much discussion the motion was carried.

ARTICLE VI. To see if the Town will appropriate a sum not to exceed Twenty Thousand Dollars (\$20,000) for the purpose of acquiring land for open space recreation, land fill, dump and town shed sites, one site being approximately 66 acres and Lot 14B, Town Tax Map. The Selectmen are authorized to apply for and acquire any and all State and Federal matching funds for the purchase of said land, and the Selectmen are authorized to borrow up to Twenty Thousand Dollars (\$20,000) and to execute bonds and/or notes for the Town's share, said bonds and/or notes to be liquidated by annual principal payments not to exceed Two Thousand Dollars (\$2,000) each year, plus interest.

Edmund Jansen made a motion to accept Article VI as read, seconded by Dominic Piro.

Mr. Yarnold raised the question about the \$15,000 for the shed which was appropriated to put the shed on the Silver Street site last year. He asked why must we spend money for more land. What is wrong with that site. Mr. Leuchs explained that the Planning Board did not think that the Silver Street site was the right site as it was valuable. We have the Town shed and we are just waiting for the proper site. In reference to Article VI the land being sought is 66 acres around the dump. We can get matching funds from the State. If we cannot get matching funds we will not purchase the land. The land has been checked and is very favorable for land fill operation.

Fred Barry made a motion to amend the Article as follows: "for the purpose of acquiring developing and improving land for open space" and also "and acquire any and all state and Federal matching funds for the purchase, developing and improving of said land", seconded by Edmund Jansen. A vote on the amendment was carried.

Mr. Rollins made a motion to amend the Article as follows: If said Lot 14-B is unavailable the Selectmen are authorized to buy another lot equally suitable, seconded by Mr. Barry. A vote on the amendment was carried.

A vote on Article VI as amended was carried.

ARTICLE VII. To see if the Town will appropriate a sum not to exceed Sixty-Thousand Dollars (\$60,000) for the purpose of acquiring a site, said site to be approved by a joint committee of firemen, Selectmen and Planning Board members, and to construct a new fire station on said site. The Selectmen are authorized to execute bonds and/or notes for the purchase of said land, and construction of said building, not to exceed Sixty Thousand Dollars (\$60,000), said bonds and notes to be liquidated by annual principal payments not to exceed Six Thousand Dollars (\$6,000) each year, plus interest.

Lester Eldridge made a motion to accept Article VII as read, seconded by Dominic Piro. There was much discussion on where the fire station would be and whether we would have adequate space to expand other departments and have ample parking space. Also questions were raised on whether the \$60,000 to be appropriated would be ample. Mr. Leuchs explained the Building Committee consisted of three selectmen, 3 planning board members, 4 firemen and 4 towns people and that if \$60,000 was appropriated that was what would be spent. Estimates had been received. After much discussion Mr. Lussier made a motion to cease discussion and

vote, seconded by Ken Bolduc. Ovid Viel made a motion to cast a secret ballot, seconded by Paul Janetos. Motion carried. There were 151 ballots cast as follows:

Yes	83
No	68

Motion carried.

ARTICLE VIII. To see if the Town will vote to accept the Budget as prepared and submitted by the Budget Committee.

Lester Eldridge made a motion to accept the Article as read, seconded by Martin Lussier. After some discussion the budget was accepted as submitted.

ARTICLE IX. To take the sense of the qualified voters whether the amendments of the Constitution proposed by the 1971 session of the General Court shall be approved.

The moderator explained that there were 613 ballots cast. There were 407 votes yes and 174 votes no.

ARTICLE X. To see if the voters of the Town of Rollinsford will authorize the Selectmen to borrow money in anticipation of the collection of taxes.

A motion was made by Dominic Piro to accept Article X as read, seconded by Ovid Viel. The motion was carried.

ARTICLE XI. To see if the Town will authorize the Selectmen to dispose of the Jeep, old Police cruiser and snow loader which are stored in the town shed.

Martin Lussier made a motion to accept Article XI as read, seconded by Mr. McCann.

Mr. Lussier asked for a brief description of what we had. Jean Dionne explained that we had nothing of any value. Edmund Jansen asked how we would dispose of it. Jean Dionne said we would see how much a junk dealer would give for it.

Motion was carried.

ARTICLE XII. To see if the Town will vote to accept and approve that portion of Millbrook Lane which has been hot-topped and constructed in accordance with the Sub-division Regulations, said portion to be accepted consists of the road in Subdivision 1 of the Millbrook Realty, starting at Pine Street and running approximately 1100 feet to the beginning of Subdivision 2.

Ovid Viel made a motion to accept the Article as read, seconded by Mr. Janetos. After brief discussion the motion was carried.

ARTICLE XIII. To see if the Town will approve of having two sessions for the Annual Town Meeting in Rollinsford, the first session for choice of Town Officers elected by an official ballot, the second session to be held on the second Tuesday for trans-action of other business.

Martin Lussier made a motion to accept the article as read, seconded by Edmund Jansen.

Ovid Viel made a motion to ammend the article in such a manner that this should be every four years when there is a presidential

election or primary election and not every year. Seconded by Eugene Berube.

A vote first on the ammendment was carried. Then there was a vote on the motion as ammended which was carried.

ARTICLE XIV. To transact any other business that may legally come before this meeting.

Mr. Green said he thought we should extend our thanks to Mr. Gray for his many years as moderator. He also expressed a job well done by Mr. Labrecque.

Mr. Piro made a motion to hold all our voting in the School, seconded by Mrs. Rollins.

Mr. Janetos made a motion to ammend the article by requesting the School Board to make election day a no school day, seconded by Ovid Viel. A vote on the ammendment was carried.

A motion was made by Ovid Viel that if the school would not be closed then this motion should be void, seconded by Mr. Janetos. A vote on this ammendment was carried. A vote on the motion as ammended was carried.

Mr. Paul Hanson said a lot of work went into this survey that went around town. We should thank the students and the members of the planning board who worked on this project. It was a great help to the Selectmen Mr. Leuchs stated.

ARTICLE XV. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate that has been or may be acquired through Tax Collector's Deeds.

Mr. Viel made a motion to accept the Article as read, seconded by Mr. Lussier. Motion carried.

A motion was made by Martin Lussier to adjourn, seconded by Dominic Piro. The meeting was then adjourned by the moderator, Albert Labrecque at 10:45 P.M.

Given uder our hands and seal this 14th day of March in the year of our Lord, nineteen hundred and seventy-two.

STATE OF NEW HAMPSHIRE

STRAFFORD, SS

WARRANT FOR SPECIAL TOWN MEETING

TO THE INHABITANTS OF THE TOWN OF ROLLINSFORD,
COUNTY OF STRAFFORD, STATE OF NEW HAMPSHIRE
QUALIFIED TO VOTE ON TOWN AFFAIRS:

You are hereby notified to meet at the Rollinsford Grade School Auditorium on Tuesday, July 18, 1972, at 7:30 PM, to act upon the following subjects:

ARTICLE 1. To see if the Town desires to reconsider the town shed site as approved in Article 6 at the March 14, 1972 Annual Town Meeting, to change the site from the 66-acre tract northerly of the Boston & Maine Railroad to the present town land on Silver Street.

ARTICLE 2. To see if the Town will authorize the Selectmen to sell Lot 14 - 31 and being 40 x 60 feet, located on Pine Street, to Harley Cheney, an abutting owner.

ARTICLE 3. To hear a report and discuss the plans for the new fire station.

ARTICLE 4. To transact any other business that may legally come before the meeting.

Given under our hands and seal this 30th day of June, in the year of our Lord nineteen hundred and seventy-two.

Warrant - Attest

George A. Leuchs

Jean P. Dionne

Ronald E. Bisson

I, George A. Leuchs, hereby certify that I posted a true copy of the above warrant for a Special Town Meeting at two public places in the Town of Rollinsford, to wit: Nutters Drug Store and the Town Hall, on July 5, 1972.

George A. Leuchs

MINUTES OF SPECIAL TOWN MEETING

July 18, 1972

Rollinsford Grade School

The meeting for the special town meeting was called to order at 8:40 p.m. by the moderator Albert Labrecque. The warrant was read by the moderator.

ARTICLE 1. To see if the Town desires to reconsider the town shed site as approved in Article 6 at the March 14, 1972 Annual Town Meeting, to change the site from the 66-acre tract northerly of the Boston & Maine Railroad to the present town land on Silver Street.

Fred Green made a motion that Article 1 be indefinitely postponed. Seconded by Ovid Viel.

After much discussion from the floor Ovid Viel made a motion to take the vote, seconded by Mr. Bradbury.

A motion by George Leuchs to have a secret ballot, seconded by Ovid Viel. Mr. Bolduc stated everyone had made up their minds why not lets just have a show of hands. A vote was taken and the motion to have a secret ballot was carried 22-15.

There were 52 people casting ballots 29 voted yes and 23 voted no to Article 1. The motion was carried to change the site to Silver Street from the 66 acre tract across the track.

ARTICLE 2. To see if the Town will authorize the Selectmen to sell Lot 14 - 31 and being 40 x 60 feet, located on Pine Street, to Harley Cheney, an abutting owner.

Mr. Bolduc made a motion to accept Article 2 as read, seconded by Bob Garneau.

In the course of the discussion Mr. Janetos asked if the land was valuable and how much was the town asking for the property. Also Mr. Janetos questioned if the property could legally be sold to Mr. Cheney, or do we have to put it out for bids.

Ovid Viel made a motion to delete the name of Harley Cheney, seconded by Lester Eldridge.

Motion to ammend the Article was carried. Motion as ammended was carried.

ARTICLE 3. To hear a report and discuss the plans for the new fire station.

Ken Bolduc questioned why this was put into the warrant. We have plans, figures, but do not have the land as yet. No one had asked me to bring any papers or anything. After much discussion the subject was closed.

ARTICLE 4. To transact any other business that may legally come before the meeting.

Ovid Viel made a motion to adjourn, seconded by Lester Eldridge at 9:45 p.m.

George A. Leuchs

Ronald E. Bisson
Selectmen of Rollinsford, N.H.

ORDINANCE NO. 1-55

The Town of Rollinsford Hereby ordains:

To adopt the following ordinance governing use of highways:

Section 14--- Operating a motor vehicle with excessive noise. No person shall operate any motor vehicle within the Town of Rollinsford so as to make excessive noise by any of the following means.

1. Misuse of power, acceleration or traction so as to spin the wheels, in the manner commonly known as "laying rubber."

2. Misuse of brake and stopping power in the deceleration of a motor vehicle where no emergency exists.

3. Misuse of power, acceleration or traction by means of rapid, upshift of transmission gears.

4. Misuse of stopping or deceleration by means of rapid downshift of transmission gears.

5. Racing of engine by means of the accelerator, carburetor, gear selector, either when motor vehicle is in motion or stationary.

George A. Leuchs

Ronald E. Bisson

ADOPTED AT SELECTMEN MEETING HELD August 29, 1972.

EFFECTIVE: September 1, 1972.

MINUTES OF SPECIAL TOWN MEETING

September 13, 1972

Rollinsford Grade School

The meeting was called to order by the moderator Albert Labrecque at 8:35 p.m. at the Rollinsford Grade School. The warrant was read by the moderator.

Mr. Bolduc made a motion to consider Article 2 prior to Article 1, seconded by Richard Toussaint. Motion carried.

Mr. Bolduc made a motion to accept Article 2 as read, seconded by Romeo Therrien.

Mrs. Rollins made a motion to ammend the article to say that the Selectmen will be directed to put the shed on the site approved at this meeting at the earliest convenience, seconded by Larry Kimball. A vote on the ammendment was carried.

Mr. Barry introduced Mr. McCrone a state engineer who had looked over the sites and who would explain what the town needs would be in looking for a site. The moderator then said he would have to have a motion from the floor that would allow Mr. McCrone to speak at this meeting.

A motion was made by Richard Toussaint to let Mr. McCrone speak at this meeting, seconded by Roland Laquerre. After some remarks a vote was taken by a show of hands and the majority voted to have Mr. McCrone speak.

After much discussion on this matter it was decided to move the question. Fred Barry made a motion to vote by secret ballot, seconded by Donald Leuchs. This motion was defeated.

The vote on the article as ammended was to put the town shed on Silver Street, the present site.

Article 1. Hollis Furlong made a motion to accept Article 1 as read, seconded by Ernest Lennon.

After much discussions and questioning by the voters Marjorie Janetos made a motion to bring the article to a vote, seconded by Mr. Bradbury. The vote was 80 in favor - 34 against. The dog leash law has been passed.

Article 3. Bob Garneau made a motion to accept the Article as read, seconded by George T. Hannon. Motion carried.

A motion was made by Mr. Grant to adjourn, seconded by Ernest Lennon, motion carried. The meeting was adjourned at 10:15 p.m.

George A. Leuchs

Jean P. Dionne

Ronald E. Bisson

Selectmen Town of
Rollinsford

AN ORDINANCE FOR THE REGULATION
OF DOGS IN THE TOWN OF ROLLINSFORD

Section 1. Definitions: As used in this Ordinance unless the context otherwise indicates.

- (a) "Dog" shall be intended to mean both male and female.
- (b) "Owner" shall be intended to mean any person or persons, firm, association or corporation owning, keeping or harboring a dog.
- (c) "At Large" shall be intended to mean off the premises of the owner, and not under the control of the owner or his agent either by leash, cord, chain or other reasonable manner of control.

Section 2. Regulation of Dogs:

- (a) No owner of any dog shall permit such dog to run at large whether licensed or unlicensed.
- (b) No owner of any female dog in heat shall permit such female dog to be off the premises of the owner.

Section 3. Impounding of Dogs:

It shall be the duty of every police officer or other law enforcement officer or such other person as may be designated as dog officer, to apprehend any dog running at large contrary to the provisions of section 2, and to impound such dog at a Veterinarian authorized by the Selectmen to accept such dogs.

Section 4. Notice to Owner and Redemption:

If a dog is impounded pursuant to this Ordinance, the owner thereof shall be notified forthwith. The owner of any dog so impounded may reclaim such dog upon payment of all costs and charges incurred by the Town of Rollinsford for the impounding and maintenance of such dog. Any dog so impounded that is not licensed and who's owner is unknown, after a ten day period may be destroyed. Any dog which appears to be suffering from rabies or affected with hydrophobia, or other infections or dangerous disease shall not be released, but may be forthwith destroyed.

Section 5. Violation:

Any owner found violating any provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than \$10.00.

Section 6. Repeal of Conflicting Ordinances:

All existing ordinances of the Town of Rollinsford are hereby repealed insofar as they may be inconsistent with the provisions of this ordinance.

Section 7. Separability of Provisions:

It is the intention of the Selectmen that each separate provision of this Ordinance shall be deemed independent

of all other provisions herein, and it is further the intention of the Selectmen that if any provisions of this Ordinance be declared invalid, all other provisions thereof shall remain valid and enforceable.

This ordinance shall become effective on September 13, 1972.
